

Bella Colour Options & Board Matches

The Bella Range is available in 37 colours and 25 style options. Available in kitchen and bedroom doors in both standard and non standard sizes. The manufacturers board references listed below are for guidance only. Check colour samples from your board supplier for your own approval.

As an alternative to matching melamine boards we can supply you with matching self adhesive vinyl or matching vinyl wrapped panels (see pages 31 & 35). Note: The backs of High Gloss Colours are standard matt finish.

Specifications

All doors and drawer fronts are 18mm thick. Available in any size within the specifications below.

Drawer Fronts

- Drawer Fronts are supplied with horizontal grain in all colours.
- Drawer front design height 60mm > 282mm.
- Minimum height 60mm and minimum width 100mm.
- Maximum width 1200mm.

Each style shown on the following three pages is marked with the minimum dimensions allowing an internal design. Where the stated dimensions are less than this, the drawer front will be supplied with an edge design only.

Note: when planning a kitchen / bedroom some handles will not fit small drawer fronts.

Doors

Doors are supplied with vertical grain in all colours except HG Snow Larch which is horizontal grain.

Stated dimensions will determine door type supplied;

- Height 283mm > 1699mm a kitchen door will be supplied.
- Height 1700mm > 2540mm a tall door will be supplied.

Doors with a mid rail will be supplied at 655mm from the bottom edge

to the centre of the mid rail as standard. If you want the mid rail at a different height please specify this on the order form.

Each individual style shown on the following three pages is stated with the minimum width allowing an internal design to be included on a door where applicable.

The largest door we manufacture is 2540mm H x 1200mm W.

Doors for Corner units

Doors can be supplied with either the left or right side edge square. Please state L/R side square when placing your order. Available > 1699mm high.

Horizontal Grain

Available when specified in all wood/open grain colour options.

- Maximum height available is 1200mm

Horizontal grain is also supplied with Wine Rack Fronts and Modern / Plain / T&G Canopies. PVC'd panels are made as specified.

High Gloss Colours

High gloss finishes are manufactured using a heavier gauge vinyl and definition can be less sharp on doors, panels and accessories with more detailed designs.

Ashford

Care & Maintenance

As with all timber based items our products should not be stored or installed in a newly plastered or damp environment. To clean door surfaces use a soft clean cloth, warm soapy water should be used to dampen the cloth (not wet). Dry off with a soft dry cloth. Do not use aggressive cleaning liquids or items such as Brillo Pads etc.

To avoid damage by excessive heat please follow these simple guidelines:

- When installing doors adjacent to ovens always ensure that doors are shielded by using heat deflector strips (see page 35)
- Never use any appliance which generates high levels of heat or concentrated steam (such as a toaster, kettle or pressure cooker) directly under or adjacent to a door or panel.

High Gloss Products

After removing the protective film please allow the surface to cure for seven days before cleaning or wiping. To clean the surface of the doors, wipe using a soft cloth with a mild, non abrasive, dishwashing detergent diluted in warm water. The mix should be 1% detergent to 99% warm water. You should never use any vinegar based detergents, solvents, abrasive detergents, white spirit or furniture polish.

Polishing High Gloss finishes will leave minor scratches and polish marks, this is normal with this type of finish.

See page 98 for information on our Door Care Kit.
